

## Christopher Robert Goll, M.D.

### *Curriculum Vitae*

#### **Medical Education**

Fellowship: Special Fellow, Hand and Microvascular Surgery, Mayo Clinic, Rochester, MN  
July 2006—July 2007

Residency: Orthopaedic Surgery, University of Florida at Shands Jacksonville  
July 2001—June 2006

University of Florida College of Medicine, Gainesville, FL  
August 1997 – May 2001  
Doctor of Medicine, *With Honors for Special Achievement*, May 2001

#### **Undergraduate Education**

University of Florida, Gainesville, Florida  
August 1992 – December 1996  
B.S. in Mechanical Engineering *with Highest Honors*, Mechanical Engineering

#### **Licensure**

USMLE Step 1 June 1999	passed 1 <sup>st</sup> attempt
USMLE Step 2 December 2000	passed 1 <sup>st</sup> attempt
USMLE Step 3 March 2002	passed 1 <sup>st</sup> attempt

Florida License # ME 91734 issued November 2004  
Minnesota License # 102510 issued June 27, 2006

#### **Board Certification**

American Board of Orthopaedic Surgeons: Step 1	passed 1 <sup>st</sup> attempt
American Board of Orthopaedic Surgeons: Step 2	will take when eligible

## **Honors/Distinctions**

The Edward Jelks Outstanding Resident Clinician, University of Florida Health Science Center Jacksonville, given for the greatest contribution, through innovation in patient care, to the improvement of patient care at Shands Jacksonville.

Resident Educator Award, Society of Teaching Scholars, University of Florida College of Medicine

Medical Student of the Year Award from FLAMPAC/AMPAC for my work as President of the University of Florida AMA Chapter.

William F. Enneking Award for outstanding medical student in the field of Orthopaedics

Anderson Scholar for outstanding lower division undergraduate achievement;

UF Honors Program-invitational program for incoming freshman with exceptional high school achievement

Flour Daniel Engineering Scholar-scholarship for academics and community involvement;

UF College of Engineering Scholarship for academic achievement;

American Institute of Plant Engineers Scholarship for academics, leadership, and community involvement;

Golden Key National Honor Society;

Phi Eta Sigma National Honor Society;

Tau Beta Pi Engineering Honor Society

## **Employment**

August 2007 - current  
Southeast Orthopedic Specialists, Inc.  
Orthopedic Surgery

July 2007 – present  
Orthopedic Hand Surgeon – Heekin Orthopedic Specialists, Jacksonville, FL

July 2006 – June 2007  
Special Fellow, Hand & Microvascular Surgery, Mayo Clinic, Rochester, MN

July 2005 – June 2006

Chief Resident, Orthopaedic Surgery, University of Florida at Shands Jacksonville

July 2001 – July 2005

Resident, Orthopaedic Surgery, University of Florida at Shands Jacksonville

May 1993 - December 1996

Department of Orthopaedics, UF College of Medicine

Research Production

I developed research protocols and designed instrumentation for numerous projects including evaluating contact stresses in prosthetic knees, measuring intrarticular stresses in cadaveric wrists, and analysis of vertebral loads in laboratory rabbits. My computer background allowed me to write computer programs for data collection and analysis of clinical studies including a database of thousands of NCAA athletes.

May 1993 - September 1993

Prism Marketing, Orlando, FL

Computer Network Administrator

Designed; developed, installed; and implemented a multi-station computer network for tracking of inventory, sales, accounts receivable, accounts payable, and customer database. The local in-office network was supplemented with dial-up access for off-site users.

May 1992 - August 1992

Prism Marketing, Orlando, FL

Personnel Manager

Managed daily operations of four general assistants, two warehouse employees, and two deliverymen. Tasks included scheduling, incentive development, and disciplinary activities.

May 1991 - September 1991

Prism Marketing, Orlando, FL

Shipping Coordinator

Managed international shipping operations of promotional products for six markets.

September 1990 - May 1991

Prism Marketing, Orlando, FL

Office administration and shipping

This was a part time, after-school job that allowed me an introduction to the business world, a venue to develop leadership skills, and offered considerable opportunity for advancement.

## **Research Experience**

May 1993 – December 1996

Department of Orthopaedics, University of Florida

Research Production

I developed research protocols and designed instrumentation for numerous projects including evaluating contact stresses in prosthetic knees, measuring intrarticular stresses in cadaveric wrists, and analysis of vertebral load in laboratory rabbits to name a few. My computer background allowed me to write computer programs for data collection and analysis of clinical studies including a database of thousands of NCAA athletes.

August 1999 – May 2001

Operating Room Camera Mounting Device Personal project

While on my OB/Gyn rotation as a medical student, I designed and produced a bracket with 6 degrees of freedom for mounting a laproscope camera to any operating room lamp. This development facilitates medical student education by allowing many students to observe procedures deep in the pelvis without scrubbing into the case. The device is currently being refined for patent.

March 2000

Remote Controlled Intramedullary Nail Guide Wire Personal project

I have designed a remote controlled guide wire for use with any intramedullary nailing system for reducing poorly aligned fragments in comminuted long bone fractures.

June 2000 – May 2001

Department of Orthopaedics, Univ. of Florida Assistant to Dr. Enneking

Investigation of the feasibility of using phenolitic acridine orange fluorescent stain for identification of microorganisms in synovial fluid of symptomatic articular joints.

## **Publications**

April 1995

Proceedings of the 14th Annual Biomedical Engineering Conf.

Polyethylene Contact Stress and Knee Condylar Design

G.J: Miller, PhD; C. Goll; W Petty, MD. Volume: 1 , Pages: 266-267

## **Volunteer Experience**

November 1993 - October 2000

Big Brothers / Big Sisters of Greater Gainesville Big Brother

This experience provided me with a young man named Steven Loudermilk to whom I was a mentor. At our initial meeting, Steven was eight years old--this year he will turn twenty. We spent time together weekly for many years working on recreational and academic pursuits in order to facilitate his development into a responsible and admirable member of our community.

September 1997- May 2001  
Equal Access Clinic Clinician

As a student clinician we evaluated, diagnosed and treated the indigent population in Gainesville, FL. A volunteer physician staffed our clinic. Medication and supplies are solicited from community physicians.

August 2000 – May 2001

Class of 2001 Graduation Committee Member

Responsible for organization and production of graduation ceremonies.

### **Professional Leadership Positions**

July 2004 – July 2006

Graduate Medical Education Committee Vice President

Represent the department of Orthopaedics at Shands Jacksonville in monthly committee meetings.

April 1999 – April 2005

Governor to the Board

Florida Medical Association

As the only medical student on the FMA's Board of Governors, I was responsible for representing the medical students of the state of Florida. My duty was to voice the opinions and needs of the state's medical students in order to shape the policies of the FMA. I have been reelected to this position and now serve as the sole resident representative to this body.

September 2000 – April 2005

Director to the Board

Florida Physicians Association

As the only medical student on the Board of Directors of the Florida Physicians Association, I was responsible for representing the interests of the medical students of the state of Florida. Additionally, I use this position to expose other students and residents to the importance of being active in organized medicine. I have been reappointed to this position and now represent the residents of the state in this organization.

March 1998 – May 2001

Student Section Governing Council

Florida Medical Association

Member of 10-member council of medical students from each of the state 's medical schools. Collectively we developed the medical student agenda for the actions of the FMA.

August 2000 - May 2001

Host

Gainesville, FL International Sister City Program

City officials, physicians and researchers of Gainesville, FL have united with leaders of Qalqilya, Palestine and Kfar Saba, Israel in a symbiotic relationship of academic, political, and social exchange. I represented the students of the University of Florida, College of Medicine in this union in an attempt to add international diversity to our curriculum.

May 2000 – May 2001

University of Florida College of Medicine Project Medical Education

Program developed by the college's faculty and administration to host legislative aids in order to educate them on the issues facing medical education in the United States. I was invited by the faculty to represent the students of the College of Medicine.

April 1999 – September 2000

Executive

Florida Medical Association

The only student on the Executive Committee of the FMA. As an executive committee member I voted on the vital decisions of FMA operations including management of the FMA staff and facilities.

July 2000

Representative to annual AIF meeting

Shands Hospital

I had the opportunity to see the other side of the organized medicine issue as a representative of Shands Hospital to the Associated Industries of Florida Meeting. AIF is the vital political machine supporting organized business and industry in the state of Florida.

April 1999 – May 2000

University of Florida College of Medicine LCME Accreditation Committee

Student member of the Accreditation Team for the College of Medicine for our year 2000 site visit. Helped develop and analyze student surveys as well as met with site visit accreditors to provide feedback regarding the quality of education at the UF College of Medicine.

September 1998 – December 1999

American Medical Association Delegate for National activities

The Delegate is responsible for coordinating the activities of the UF Chapter on a National level. Additional responsibilities include planning for the Chapter's participation in the AMA's annual and interim meetings.

March 1998 - April 1999

President

American Medical Association

My goal as President of the UF Chapter was to have the most active chapter in the nation. To achieve this end, my duties included devising a recruiting campaign for incoming freshmen, identifying and soliciting sponsors to fund travel to national meetings, and devising a lecture series that would draw students and faculty from throughout the UF Health Science Center community. The relationships with faculty and industry that I developed continue to serve the chapter as we grow and expand.

March 1998 – April 1999

Medical College Council Representative

American Medical Association

Represented the American Medical Association chapter to the Student Governing body of the University of Florida

February 1999 – March 1999

Coordinator of Legislative Visitation Program

Florida Medical Association

The legislative visitation program allows students to spend 2 days in Tallahassee, FL in order to meet and interact with key legislators involved in health care policy.

September 1997 – May 1999

Alternate Delegate for National Activities

American Medical Association

Assist and be prepared to replace the Delegate in coordinating the efforts of the local chapter with that of the national organization.

August 1997 – July 1998

American Medical Association First year class representative

Maintained communication between the officers in the more senior classes with the student members in the freshman class.

### **Hobbies & Interests**

I enjoy boating, wakeboarding, skiing, camping, golfing and fixing just about anything.
